

The ULTIMATE office morale-booster!

The BodySense On-Site Energy Booster Massage is a fast, effective way to revitalise energy levels. Our 10-minute therapeutic massage is applied to the upper back, shoulders, neck and scalp leaving the recipient feeling relaxed yet mentally and physically uplifted.

HELP REDUCE ABSENTEEISM and WORKPLACE STRESS

If your staff spend long periods sitting or standing, they may be silently suffering muscular aches and pains. Regular 10-minute sessions are recommended for computer users, sales assistants, drivers, warehouse operatives, executives - everyone can benefit!

REGULAR MAINTENANCE

Let us help you long-term by setting up a small 'clinic' in your offices; you decide how much time and space to allocate and we will do the rest!
